

**** An Invitation to Mental Health Clients in Sonoma County ****

Monthly Client Forum at Interlink Self-Help Center

The Corrinne Camp Action Network

The Corrinne Camp Action Network, **CCAN**, is made up of people with lived experience of mental health challenges coming together to keep the clients' voice alive, work for system change and to promote our own empowerment and mental health recovery.

In the last 10 years CCAN has worked on numerous projects and empowering activities and wants your help to figure out next steps. Please join us as Vivian Sedney leads us in discussion about the future of this important organization. Does CCAN continue to meet regularly? Should CCAN come together for specific projects only? Or??? Please bring your hopes, dreams, skills and ideas as we look towards the future for our community together.
